

# Cajas industriales cableadas - Protección IP-65

*Industrial enclosures fully cabled - IP-65 protection*

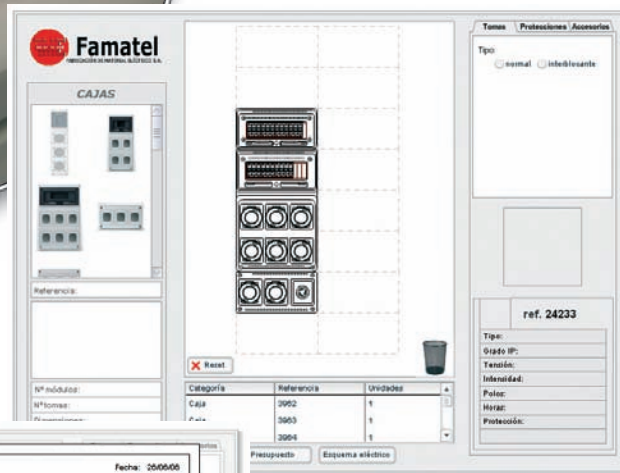

Grado de protección/degree of protection	IP-65* *Dependiendo de la toma instalada el grado de protección del conjunto puede variar *Depending on the socket to be installed the grade of protection of the set can be different
Resistencia al impacto/resistance to impact	IK 08
Resistencia al hilo incandescente/test of resistance to glow wire	650°C
Grado de autoextinguibilidad/auto-extinguishing degree	HB(UL94)
Estabilidad dimensional/dimensional stability	-25°C+85°C
Presión de bola/ball pressure test	70°C
Norma aplicada/Applicable norm	EN 60 439-1-3

## AcQUA soft

El primer software para la configuración de cajas industriales según sus necesidades

*The first software for the configuration of industrial enclosures in accordance with your request*

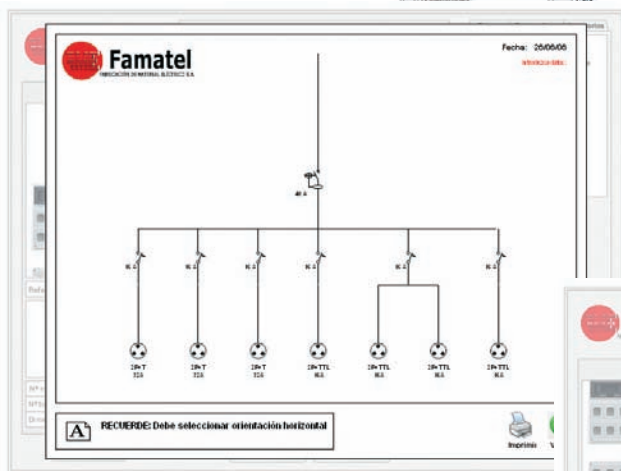

Configuración de cuadro modo libre o según REBT 2002.
